

RESTORE *Vital Nutrients*

Combat the Effects of Modern Farming

Replenish Essential Minerals

Restore the vital nutrients lost from depleted soils, providing your cells with what they need to power daily functions and maintain overall health.

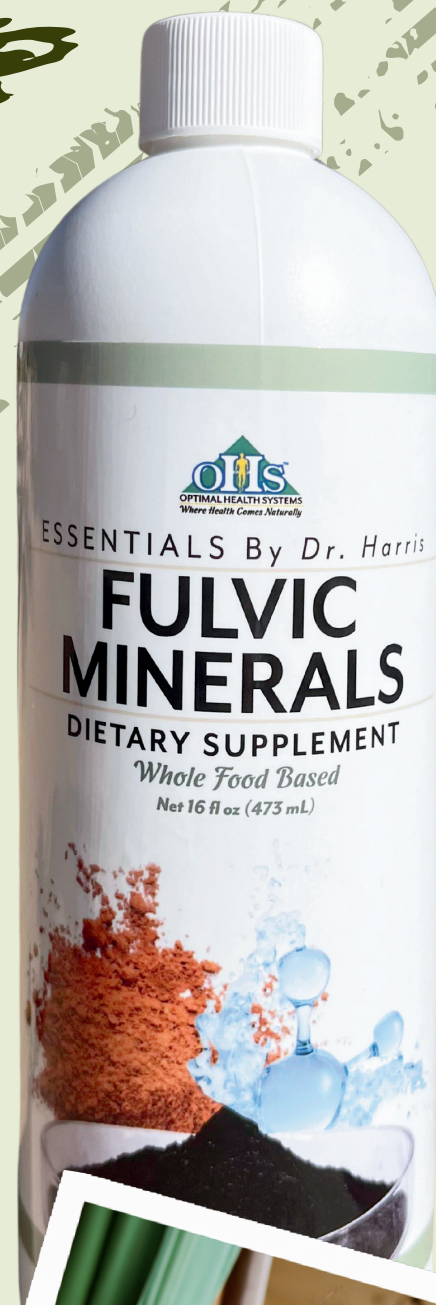

Detoxify Harmful Chemicals

Fulvic acid binds with harmful chemicals like glyphosate, helping your body safely remove them before they cause harm.

Boost Nutrient Absorption

Trace minerals improve digestion and metabolism, ensuring your body gets the most from your food—***just one tablespoon a day does the job.***
