What It Costs Your Patient

Lab Testing. Customized Nutrients. Life-Changing Results.

What you get as the Health Professional

- Immediate and monthly income from each Nutrients Rx script you make

“I will be making over \$10,000 a month residual income this year.”

- Dr. JeNeen Ridgeway

- Patient compliance

“My patients take the Custom Paks from this program much more faithfully than a bunch of bottles.”

- Dr. Teh MD

- Patient results

“My heart disease risk dropped in half by taking the right nutrients from the bloodwork and being motivated by the test reports.”

- M Lines

How it works for you and your client

STEP ONE

Using our app we help you get set up in, you order Nutrients Rx, blood work or other labs for your patient by sending a text or email to them from your phone.

STEP TWO

Your patient pays for the Nutrients Rx program, and then downloads and prints the blood requisition form, if ordered.

STEP THREE

Your patient goes to the nearest blood lab based on their zip code and gets blood and urine tested.

STEP FOUR

OHS receives the results and creates a customized, easy-to-read report.

STEP FIVE

OHS analyzes the results and creates a customized nutrient pak from millions of possibilities.

STEP SIX

OHS ships the pak to our patient monthly and sets up re-testing in 6 months.
