

Optimal Acute

Why This Supplement?

Optimal Acute is a revolutionary anti-inflammatory solution, outperforming NSAIDs without harmful side effects. Proven to expedite healing and reduce swelling, it offers a natural alternative, preserving your body's healing mechanisms.

Enriched with protease, Optimal Acute enhances blood flow, swiftly digesting protein debris, reducing inflammation and discomfort, and fostering faster healing.

What Sets Us Apart?

Just like your Health Professional, Optimal Health Systems cares about patients, which is why we exclusively create supplements with nutrients derived from whole foods—not cheap, synthetic alternatives. Rest easy, knowing you're getting the best nutrition possible.

The Results

Experience swift recovery with Optimal Acute. It matches the efficacy of NSAIDs in reducing swelling and accelerates healing by 33%. Enjoy the dual benefit of rapid swelling reduction, comparable to NSAIDs, yet with the unparalleled safety of a natural, holistic approach. Optimal Acute preserves your body's innate healing mechanisms for comprehensive relief.

Quick Facts!

- Optimal Acute, is free from NSAID (Non-steroidal anti-inflammatory drugs) drawbacks, promotes faster healing, safeguarding against liver and kidney damage associated with traditional anti-inflammatories.

Dosing

Take 4 capsules every 2 hours or as needed.
