

Optimal Opti-Nitric

Why This Supplement?

Opti-Nitric uses select amino acids that turn into nitric oxide, which in turn helps keep arteries and blood vessels flexible and active.

Columbia University refers to L-arginine as the "magic bullet" for the cardiovascular system.

Please note: this is NOT synthetic hormones or testosterone.

What Sets Us Apart?

Just like your Health Professional, Optimal Health Systems cares about patients, which is why we exclusively create supplements with nutrients derived from whole foods—not cheap, synthetic alternatives. Rest easy, knowing you're getting the best nutrition possible.

The Results

The most advanced formula combines L-arginine, ornithine, and citrulline to boost nitric oxide levels. The nutrients are proven to reverse deficiencies and improve overall health.
