

## Optimal Zinc-Oxy Spray

### Why This Supplement?

This is our most potent immediate relief formula for nasal and lung nutritional support. Organic Ionic Zinc helps the immune system fight off invading bacteria and viruses. Research shows that zinc helps control infections by gently tapping the brakes on the immune response to prevent out-of-control inflammation. Optimal Zinc-Oxy Spray creates a rich oxygenated environment pathogens can't survive in. A saline wash helps flush pollen, dust, and other debris from your nasal passages. It also helps remove excess mucus and adds moisture, relieving itchiness and inflammation. This can help prevent sinus infections.

### What Sets Us Apart?

Just like your Health Professional, Optimal Health Systems cares about patients, which is why we exclusively create supplements with nutrients derived from whole foods—not cheap, synthetic alternatives. Rest easy, knowing you're getting the best nutrition possible.

### The Results

Offers nutritional support for immediate nasal relief and viral protection in a spray!

### Quick Facts!

- Aids in restoration of taste and smell
